DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

The reply filed on March 12, 2007 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): While Applicant has elected a species, SEQ ID NO:124, in response to the previous bona fide Notice of Non-Responsive Amendment mailed January 11, 2007, the sequence elected is not a peptide, and therefore does not read upon the elected invention. In making a proper election, Applicant should note that SEQ ID NOS: 1-202 are intermixed amino acid and nucleotide sequences and election of a nucleotide sequence would not properly read upon the elected invention. See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ronald T. Niebauer whose telephone number is 571-270-3059. The examiner can normally be reached on Monday-Thursday, 7:30am-5:00pm, alt. Friday, EST.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mary Mosher can be reached on 571-272-0906. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
